

MOHAMMED SHAMIL

Full Stack Developer

PROFILE

Dedicated and results-driven professional with a strong background in project management and a proven ability to deliver high-quality outcomes within tight deadlines.

PROJECTS

College Management Application

College Management App with a unified dashboard for administrators, tracking academic progress and attendance. Secure communication portal for efficient educational institution management .

<https://github.com/shamilbinumer/CollegeManagement.git>

Movie Web Application

Created a CRUD app with HTML/CSS, Express, Node, and MongoDB, featuring secure JWT-based user authentication for a personalized movie list experience, showcasing expertise in user-centric web apps

<https://github.com/shamilbinumer/BookMyShowClone.git>

E-Commerce Web Application

developed an e-commerce app using the MERN stack, which seamlessly integrated MongoDB, Express.js, React, and Node.js. The application provided a dynamic shopping experience with real-time updates and secure authentication, highlighting the efficiency of the MERN stack in crafting modern web solutions.
